

**Melanie Barber's
Whitby Hornpipe for Beginners**

February 2016

This routine was specifically written for Whitby Folk Week Tuesday.
It introduces beginners to many basic clog movements as well as some
more complicated ones at a doable pace!

Supporting films can be found either by joining the Whitby Folk Week Group
on Facebook, or searching 'Melanie Barber' on YouTube.

Notes: The routine should be danced 'off the toe' i.e. the ball of the foot, although some
heel beats have also been incorporated.
All shuffles are round unless prefixed 'Str' indicating a straight shuffle
AB = Across Buckle e.g. right toe tap/ step across the left toe
Flop = a very short sharp brush forward followed immediately by a step
